SUMMARY

Industrial Engineering & Management graduate with experience in process documentation, controls-focused operations, and enterprise systems. Proficient in SAP MM S/4HANA, MS Excel with the ability to support audit teams, perform documentation, and demonstrate a strong foundation in stakeholder communication and problem-solving. Certified by the BFSI Consortium, bringing a blend of financial domain knowledge and technical skills across Cloud Computing, Cybersecurity & Data analytics.

EDUCATION

BE in Industrial Engineering & Management (BMS College of Engineering)-CGPA: 6.34	2022-25
Diploma in Mechanical Engineering(HPT) - SJ (Govt) Polytechnic - 80%	2018-21
SSLC - Mother Theresa Memorial School - 81.76%	2018

SKILLS

Technical Tools : MS Office, Power BI, SAP MM S/4 HANA, ERP Systems, Cloud Computing.

Domain BFSI : Banking Finance, Insurance, Collective Investment Vehicle, Alternate Investment, P&L Statement, Equity Multiple, Enterprise Valuation, Investments Strategy.

Soft Skills : Team Collaboration, Stakeholder Communication, Adaptability, Leadership.

Communication : Verbal and written (English, Hindi, Kannada)

PROJECT

RFID-Based Web-Enabled Inventory Management System
- Developed system with user authentication, access controls, and centralized database, aligning with ITGC access concepts.
- Implemented automated tracking and reporting to support data accuracy and monitoring.

Simulation of Probabilistic Networks (Arena Software)
- Modeled and simulated PERT networks using Arena, Python, and LINGO with Beta distributions.
- Performed scenario analysis to evaluate process effectiveness and control dependencies.

Power BI Sales Dashboard - SkilloVilla
- Built an interactive Power BI sales dashboard to monitor KPIs, analyze trends, and support data-driven decisions.
- Performed data cleaning, transformation, and modeling using Power Query and DAX with dynamic slicers and KPI visuals.

INTERNSHIP

SCM Intern – CIM Tools Pvt. Ltd. (Motherson Group) | Mar 2025 – May 2025
- Supported supply chain operations with emphasis on process accuracy, control documentation, and compliance checks.
- Assisted in vendor coordination, procurement tracking, and inventory reconciliation to ensure data completeness and reliability.
- Prepared structured reports and documentation aligned with enterprise governance standards.
- Collaborated cross-functionally to improve workflow efficiency and reduce operational gaps.

CERTIFICATIONS

BFSI Consortium (BFSI Domain, Technical, Behavioural)	360 Hrs
Data Analytics - Skillovilla	120 Hrs
SAP Material Management Module S/4 HANA	90 Hrs
Introduction to Cloud Computing - AWS Educate	05 Hrs
A Complete Guide to Finance using Python - Infosys Springboard	03 Hrs
NCC B&C Certificate	3 Years
